## Organisation profile

LLC Complete Payment Systems (CPS) is the certified on-line transaction processing company. We provide secure and reliable transaction processing solutions for both new and existing e-commerce businesses in local and international markets.

CPS has been in the business of the e-commerce solutions since 1999, and the experience acquired over these years has allowed us to become a trustworthy partner for customers who rely on payments online.

Our technological infrastructure has been organized in a way so as to comply with all the requirements and specifics of this business.

The quality and security of the services we provide is attested by the data processing security standard we have been conferred, the PCI DSS (Payment Card Industry Data Security Standard).

Our business partners include banks in Latvia, Switzerland, Russia, USA, Great Britain and other countries. To service the sellers we employ standardized VISA/MasterCard security solutions (3D Secure, CVC/CVV2) having combined these with the most advance practices in the industry and our own solutions to prevent fraud.
